Franziska Juraske - EMPLOYEE REFERENCE

To whom it may concern,

I can confirm that Franziska Juraske was employed by the Gemini Group UK from September 2011 to March 2012 in the role of general operative as part of a work experience scheme.

I have been consistently impressed by both Franzi's attitude towards her work and her performance on the job. Her interpersonal and communication skills have allowed her to develop excellent working relationships with other members of staff.

Franzi has shown herself to be a very capable employee who was able to quickly understand her role. Particularly impressive was her ability to work with the specialised hardware and software used within the business, Franzi has illustrated that she is very good at working with computer technology and graphic design programs. Franzi was very keen to learn new tasks and to develop herself. Overall, she was a pleasure to work with.

I strongly recommend her for employment without reservation. Please let me know if you require any further information.

Kind regards,

Stephen Neeson
Manager
